

**Exciting news graces Indy Flight Training!**

A 2004 Cessna Skyhawk, N20519, twin sister of C172, N527DS, arrived at Indy Jet this month. We are eager to get her some airtime, so visit [Skyscheduler](#) and book your next flight. She received plenty of attention her first day on the line, from pilots and students wanting to fly the “new aircraft”.

The amount of flight students enrolling into Indy Flight Training program has increased exponentially this year, requiring us to enhance the flight school fleet. Our current C172, frequently requested by flyers, had limited availability. Supplementing our fleet with another C172 gave us the ability to accommodate more flyers seeking to fly that aircraft type.

To celebrate the aircrafts arrival, we are offering a C172 Exclusive! Put a one-time deposit of \$2,000 on account and we will waive the \$399 Club Membership initiation fee and first month’s dues! Thereafter, a \$39 monthly due will be required to maintain membership. Take advantage of our membership program with lower rental rates and discounts on flight school supplies. \*excluding charts

The Indy Jet team is thrilled to have another C172 on the line. Our overall goal is to pass on our love for aviation to others desiring to learn how to fly. If you would like to test out the new Cessna Skyhawk, please call 317-335-3371 or visit [Skyscheduler](#). Let’s welcome N20519 to our fleet and have fun in the sky!

**SPECIFICATIONS**

- Horsepower: 180 hp
- Cruise Speed: 126 ktas
- Certified Ceiling: 14,000 ft
- Takeoff Distance: 1,633 ft
- Landing Distance: 1,335 ft
- Rate of Climb: 730 fpm
- Range: 610 nm
- Useful Load: 841 lb

**RATES PER HOUR**

- Club Member: \$145.00
- Non Club Member: \$165.00
